ASK FIFI

Dear Fifi,
With summer looming, how do I get my teenager out of the house this summer?

Sincerely- Flabbergasted Mom

Dear Flabbergasted,

The struggle is real. We know the pain of convincing teenagers to get off the couch when summer break starts.

If they're ages 12-15, the City of Fife recreation department's Teen Explorer Camp offers fun activities, such as a trip to Wild Waves or tours of a chocolate factory and colleges. The camp runs from June 24 to Aug. 30. To register, call 253-922-0900 or go to "recreation" at CityofFife.org

If your couch-bound teen is 16 or older, then how about a summer job? The City of Fife is hiring qualified teens for a variety of summer jobs. Check CityofFife.org for job opportunities.

Plan B for your teen: Change the wifi password and hope for the best.

SUMMER PLANNING: Music in the Park & more

Outdoor music, movies in the park, swim lessons, summer camps. You guessed it. Summer events are just about here. We have as many activities as you can jam into your schedule. Want more? Visit CityofFife.org for additional activities and events.

Artist profile: Amber Sweeney

Local music lovers might identify Amber Sweeney's music from popular television shows, but not necessarily recognize the Northwest singer-songwriter. That's about to change. Sweeney will perform July 18 at the free Music in the Parks series, held this year on Thursday evenings at Dacca Park.

Sweeney co-founded the band Everly in Battleground, Wash. with Bethany Joy Lenz, who portrayed the character Haley James Scott on "One Tree Hill." The duo created the music that became a subplot in that television series as Lenz's character launched a musical career.

Those same soulful sounds of Everly carry over to Sweeney's current musical career. While Sweeney typically performs solo, she said Fife residents are in for a treat. She's performing with a full band at Music in the Park. "One of the things I'm excited about when I come to Fife is that I get to bring a band with me," she said. "It won't be just me with my acoustic guitar. I do love playing solo, but I'm bringing these guys I play often with."

She described their sound as more rich and full, but still as intimate as an acoustic show. As she described, "You'll walk away with the feeling of community, friendship and intimacy."
